Good morning all! I hope you are enjoying the sunshine while keeping your 2m distances!

- I am including quiz questions this week – always good to expand our general knowledge!
- I will also include previous weeks' answers for Mental Maths/Busy at Maths so you can see how you are doing. Mistakes are fine – once we can learn from them. If there is something you cannot figure out, please ask me via email and I will do my best to help you.
- Don't forget to keep up the fantastic things you are doing at home – remember, we can learn in lots of different ways. Has anyone any tips for routines? Whatever we are doing, we need to continue to learn, explore and develop our skills, talents and knowledge!
- I miss hearing your voices so this week for **Friday** I am going to ask that you read a paragraph aloud and send me a recording of it. You can pick a paragraph from the Science work this week or pick a paragraph from your own book if you'd prefer. Mam/Dad can attach it to an email for me – most phones have an option to record audio easily enough but don't worry if you can't do this. It's just a suggestion.
- I received lots of interesting mini profiles on different people connected with medicine – check them out on the blog at the above address. I am always delighted to receive emails and photos of boys **reading**, **gardening**, **baking** and keeping **physically active**! You are all amazing – keep it up! ☺
- Setting a timer for different activities can be useful for staying focussed and on track so that things don't drag on & attention/interest is lost!
- Genius Scan is a good app for sending pictures of written work back to me

Tuesday May 5th

- **Busy at Maths Chapter 33 Chance.** Chance is about the possibility of something happening – we have mentioned this before when doing our Mental Maths (the possibility of picking an King from a deck, or the chance of getting an odd number if rolling dice etc). For today, I want you to look at the words in the yellow box at the top of the page and talk about what they mean, then read each statement on page 177 and decide which word is the most suitable for each. Do the same with page 178 Q1. Write the answers in your copy.

- **Busy at Maths Chapter 33 Chance.** Pg 178 Q2 and Q3. Usually, in Mental Maths we would write an answer as 2 in 5 but I have shown you that you can also write this as $\frac{2}{5}$. For the answers on this page, please write them like this (a fraction). When you have completed this, try the coin tossing experiment on page 179. You can do this with a sibling too – make sure they record their answers. Keep a tally like Laura did in Q1. What do you notice?

Mr. Tambourine Man, Bob Dylan <https://www.youtube.com/watch?v=C4U2-lAuQMw>

Hey! Mr. Tambourine Man, play a song for me
In the jingle jangle morning I'll come followin' you

Though I know that evenin's empire has returned into sand
Vanished from my hand
Left me blindly here to stand but still not sleeping
My weariness amazes me, I'm branded on my feet
I have no one to meet
And the ancient empty street's too dead for dreaming

**Hey! Mr. Tambourine Man, play a song for me
I'm not sleepy and there is no place I'm going to
Hey! Mr. Tambourine Man, play a song for me
In the jingle jangle morning I'll come followin' you**

Take me on a trip upon your magic swirlin' ship
My senses have been stripped, my hands can't feel to grip
My toes too numb to step
Waitin' only for my boot heels to be wanderin'
I'm ready to go anywhere, I'm ready for to fade
Into my own parade, cast your dancing spell my way
I promise to go under it

Hey! Mr. Tambourine Man.....

Though you might hear laughin', spinnin', swingin' madly across the sun
It's not aimed at anyone, it's just escapin' on the run
And but for the sky there are no fences facin'
And if you hear vague traces of skippin' reels of rhyme
To your tambourine in time, it's just a ragged clown behind
I wouldn't pay it any mind
It's just a shadow you're seein' that he's chasing

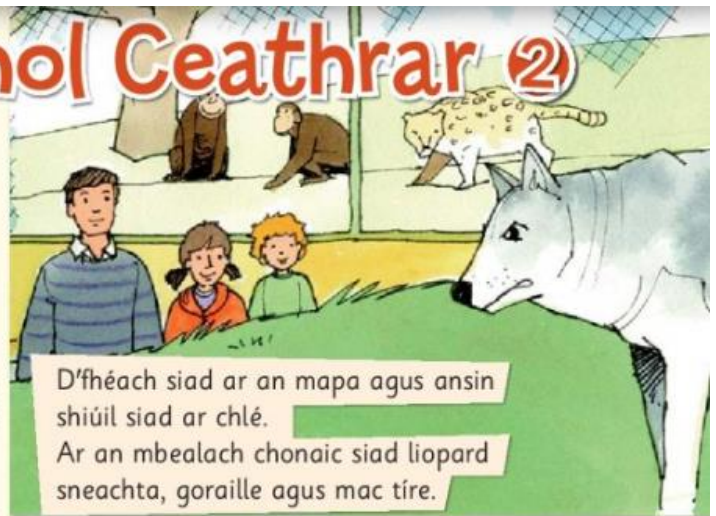

Hey! Mr. Tambourine Man.....

Cuairt mo Chol Ceathrar ②

Bhí Laura agus Juliette ag dul amach. Bhí siad ag dul go dtí an zú i mBaile Átha Cliath.

Lá breá brothallach a bhí ann agus bhí na cailíní ag tnúth go mór leis. Cheannaigh siad na ticéid ag an ngeata. Fuair siad mapa den zú freisin.

I 'Sabhána na hAfraice', chonaic siad sioráf agus séabra.

I dteach na bpéisteanna chonaic siad nathair nimhe agus crogall. Bhí eagla ar Juliette agus rith sí amach.

Bhí na cailíní ag éirí tuirseach, ach sula ndeachaigh siad abhaile, chonaic siad na róna ag súgradh agus ag pleidhciócht. Bhí siad an-ghreannmhar. Bhí an-lá ag na cailíní.

Diolachán Cácaí

Bhí rang a cúig i leabharlann na scoile.
Bhí siad ag tabhairt amach.

Tá na leabhair róshean.

A mhúinteoir, a mhúinteoir, féach ar na leabhair! Tá siad róshean – ní féidir linn iad a léamh.

Ó, tá siad, ach níl aon airgead ag an bpríomhoide agus bíonn leabhair an-daor.

Beidh diolachán cácaí againn agus tabharfaimid an t-airgead don príomhoide chun leabhair nua a cheannach.

Chroch na páistí fógraí timpeall na scoile. D'iarr siad ar na páistí cácaí milse nó barróga a dhéanamh.

Bhí an diolchán cácaí ar siúl ar an Aoine. Bhí rang a cúig ag tnúth go mór leis. Bhí bród mór orthu ag deireadh an lae. Thug siad an t-airgead don phríomhoide.

Go hiontach!
