

Week beginning Monday April 27th

As parents and primary educators of your children, please pick and choose from this list or supplement with alternative activities as required.

MOST IMPORTANTLY, DON'T FORGET TO PRACTICE YOUR SOCIAL DISTANCING AND KEEP THOSE HANDS CLEAN!

Blog: www.msgerrardsclass.weebly.com (there are many links to activities and games under the 'websites' section)

As always I am looking forward to seeing all the different activities the boys are doing or if you have any questions, queries or comments please contact me at the above email. It has been fantastic to hear from some of you – but I'd like to hear from more!

Monday April 27th

- **Mental Maths** unit 32 Monday & problem solving
- **Léigh sa Bhaile** lch 93 (pages will be included each day) and audio can be found here <http://data.cjfallon.ie/audio/LeighsaBhaile-E-p93.mp3> Read aloud 2 - 3 times, orally answer na ceisteanna
- **Music:** Listen to song 'Three Little Birds' by Bob Marley a few times and join in with chorus, tune & lyrics here <https://www.youtube.com/watch?v=F4sNi2PuiWM>
- **Busy at Maths** pg 170 Q 1 – 3 (answer lightly in book) – read all of the little boxes and reminders.

$$1\text{ml} = \frac{1}{1000} \text{L} = 0.001\text{L}$$

Remember, if my denominator is 1000 then I expect to have 3 decimal places!

And try these (From the Shadow Book)

1. Match the containers to their most likely capacities.

(a)

(b)

(c)

(d)

(e)

(f)

5ml

1l

140l

2l

250ml

10l

2. Use the information from Question 1 to answer these.

- How much orange juice would there be in a pack of six cartons?
- If it took five minutes to fill the bath, how many litres per minute were pouring in?
- If you opened a milk carton and put five teaspoons from it into a cup of tea, how much would be left in the carton?
- If one raindrop (1ml) lands in the watering can each second for a full hour, how much more liquid is needed to fill the watering can?
- How many 300ml cups of tea can be made from a full kettle of water?
